

## INTRIGUE COLLECTION

**Intrigue is the combination of Matteo Cibic's signature style and Moret's rugs.**

One can see the signs of Italian design, pick up on the playful feel and timeless elegance and admire the slow, expert manufacturing process that pays tribute to the stunning light reflections created by the waterways in the 18th-century palazzi of the Veneto and Tuscany.

The large windows allow the sun to illuminate the vibrant gold of the stunning frescoed ceilings, adorned with coffers, with the rivers and waterways still to this day – even centuries down the line – serving to create the magical effects.

Summer brings warm, shimmering reflections that dance on the ceilings of the buildings. Winter is flat, opaque and cold – yet despite this veiled reflections allude to the slow passing of time.

The collection is characterised by the use of silk and wool, which are knotted and inlaid to create shadow effects with high and low relief work. The two materials – shiny and matte – create a sense of constant movement emphasised and enhanced by tiny pieces of hammered metal, which reflects the light and gives the rug an iridescent quality.

The collection playfully experiments with small pieces of malachite, used for large lead-soldered windows, in the metal grills covering them and for ancient ceiling coffers.

## MORET

A mix of culture, experience, interaction among various professionals, high technology and modern entrepreneurship. With locations in Vicenza and Milan, Moret is founded on the deep knowledge of aesthetic quality and materials gained by the Pashamoglu family over more than thirty-five years of experience in fine rugs. Our decades-long tradition combines with contemporary Italian craftsmanship. The close relationship forged with artists, designers and architects in creating and designs for homes, stores, showrooms, hotels, golf clubs, yachts and jets all over the world tailor-made collections has made Moret an international leader in the sector of luxury and custom rugs.

## MATTEO CIBIC

Matteo Cibic is a creative company based in Milan and Vicenza in Italy. In the past 10 years Matteo Cibic and his team has developed products and creative ideas for international companies, private collectors and cultural institutions.

In 2017 Matteo won the International Edida Award by Elle Decor as Best International Design Talent of the Year.
